

ZERU® ESE

TECHNICAL FEATURES

- Designed & tested as per NF C 17-102 (2011) standard
- $\Delta T = 60 \mu\text{Sec}$ (Triggering Time Advance Delta T)
- Dimensions: 60x17,3Kg
- 100 KA (10/350 μSec) lightning current & 200 KA peak current tested in HIZAL(Turkey, Europe) lab
- No use of battery or external power source
- 304L (Inox) Stainless Steel design— suitable for any environmental conditions
- Pipe diameter: 2"
- Suitable for use with a variety of down conductors—tape/strip, round conductor, isolated / insulated cables / HVSC cable etc

Protection radius as per NF C 17-102 (2011)				
Mast Height h(m)	Level I (Very High)	Level II (High)	Level III (Medium)	Level IV (Standard)
2	31	35	39	43
3	47	52	58	63
4	63	69	78	85
5	79	86	97	107
6	79	87	97	107
8	79	88	98	108
10	79	88	99	109
15	80	89	101	111
20	80	89	102	113
